QUOTES & CLIENT REVIEWS

"We're seeing that events are still the primary driver of marketing results. Events touch almost every single opportunity that progress and ultimately closes. So it's a great place to be and is a great way to lean in and to provide business results."

Colleen Bisconti-Global Conferences and Events at IBM, Vice President

"As much as we've changed and improved technology to be able to connect with people, nothing yet replaces real-time, face-to-face interactions in terms of creating new opportunities."

Huge Forrest-SXSW, Chief Programming Officer

"A great and experienced team to work with. Impact Force is one of the best event companies in Malaysia that I have worked with and I look forward to continue working with them for the future events."

**James Douglas-Titan Group
Managing Director**

"More and more we're seeing that the event landscape isn't going anywhere. People want experiences. They want to have that one-to-one connection and networking."

Christopher Garcia-Forbes, Marketing Director

"Very engaging and flexible to any changes. All crew are great and show passion to deliver the best to the client. Been liaising with them few times and surprisingly every time they manage to execute the event successfully. Well done Mr. Raj and team.. looking forward to work with you again when opportunity comes."

**Azuan Sulaiman-Avisena Specialist Hospital
Senior Marketing Officer**

"Best Event company to work with, I have worked with them in the past and we needed to work again on another huge corporate event and we have worked with them on smaller projects like meetings and trainings. They can do it all."

They helped us curate and plan our Company Family day, it is just really easy to work with Raj and Patrick and the team. What I love about them is that, they are able to work around realistic budgets. If you need to cut costs they give you alternative good options to fit your budget."

**Shalini Sailiciouz - Decathlon,
Head of Human Resource**

"Trusted and reliable. Appreciate the attentiveness to details. Certainly a pleasure working with your friendly team. Highly recommended event company."
